

Engineers Nova Scotia held its 88th Annual General Meeting in the Annapolis Valley on September 24th and 25th, 2009. Approximately 250 Professional Engineers, Engineers in Training and Students, along with special guests from all provinces and territories of Canada attended the various technical sessions and the Business Meeting during the two day event. Technical Sessions included a presentation

by Michel Sarrouy, P.Eng., Vice President Engineering, Construction and Operations at Heritage Gas who spoke about their success and further plans to bring natural gas and its relatively small Carbon Footprint to all parts of Nova Scotia. As well, Dr. Don Wallace, Executive Director of the recently established Ontario Centre for Engineering and Public Policy discussed the Engineers Rightful Place in the Development of Public Policy.

On October 1st, 2009 Engineers Nova Scotia Scholarships and Awards were presented at a reception held at the Association's office. The event was attended by most of the Award Recipients and their invited guests, and included a congratulatory message from Engineers Nova Scotia's newly elected President, Dan MacDonald, P.Eng.

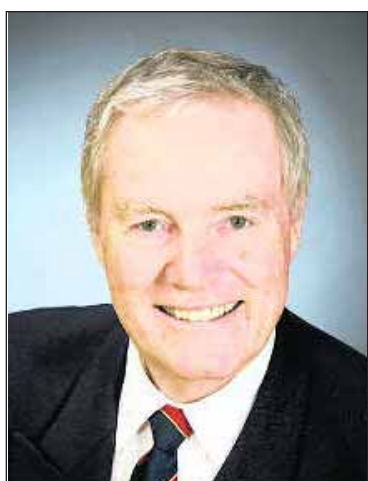

Back row: Donald MacIsaac, Logan Moir, Matthew Richards, Andrew Lynds, Luke Carmichael, Aaron Elderkin, Ben Silver, President Dan MacDonald, P.Eng., Elyse Gregor.

Front Row: Alex Smith, Nicole Pelot, Laura Weeden.

Missing: Vanessa Wallace
